

News
from the SGA

Well, spring is just around the corner. We have had a wet February & the sun is a sign of golf weather.

We need to remind golfers of the red lines around the greens so do not take carts past these lines. We would also remind everyone to observe the 90 degree rules with the carts. We welcome Seniors, 50 & over, to join the SGA for \$15.00 per year. The SGA has several days a week of organized golf. Please come & join us. Hope to see you out there.

Kent Mullins
SGA President.

A word from our Superintendent

Hope everyone had a great February. Been having cool mornings with it warming up through the day. Just a reminder the course will be closed March 5th for pre emergence spraying. The same day, I will be treating the greens with a granular pre emergence. March is the beginning of tournament season. Special thanks to Jeremy for holding down the fort while I was on vacation. Let's have a safe and fun March. Thanks to all golfers for staying out of the wet areas with the carts and for keeping the course litter free.

Sincerely,
Jason Posey
Superintendent
